### Subpart A—General

#### § 339.101 Coverage.

This part applies to all applicants for and employees in competitive service positions; and to excepted service employees when medical issues arise in connection with an OPM regulation which governs a particular personnel decision, for example, removal of a preference eligible employee in the excepted service under part 752.

#### § 339.102 Purpose and effect.

(a) This part defines the circumstances under which medical documentation may be acquired and examinations and evaluations conducted to determine the nature of a medical condition which may affect safe and efficient performance.

(b) Personnel decisions based wholly or in part on the review of medical documentation and the results of medical examinations and evaluations shall be made in accordance with appropriate parts of this title.

(c) Failure to meet a properly established medical standard or physical requirement under this part means that the individual is not qualified for the position unless a waiver or reasonable accommodation is indicated, as described in §§ 339.103 and 339.204. An employee's refusal to be examined in accordance with a proper agency order authorized under this part is grounds for appropriate disciplinary or adverse action.
